The 3D model is a case for the Allium58 GLP keyboard. The keyboard is modified from Lily58 Pro. The bottom case can also be used with other plates with 1.2mm thickness.

Parts to be printed

- Allium58 bottom case
- Allium58 bottom case (mirrored)
- Allium58 top switch plate
- Allium58 top switch plate (mirrored)

Printing tips

- No support is required with the correct orientation

Parts required

- 20x GB823 screws M2*4mm
- 10x M2*5mm brass spacers
- some rubber feet

Assembly tips

- The brass inserts are placed between the top switch plate, and the bottom case.
- On the top plate, there are cutouts for the brass inserts.
